

Study Day/Workshop: National Curriculum and Assessment

VI: Thursday 6 November 2014 - New College Worcester, WR5 2JX

HI: Monday 24 November 2014 - Mary Hare School, Newbury, RG14 3BQ

HI: Early 2015 - date and venue to be arranged

MSI: Early 2015 - date and venue to be arranged

These events are for staff working in schools supporting children and young people with HI, VI and MSI - subject leaders, ToDs and QTVIs in classroom and visiting teacher roles.

Come and join us for a study day/workshop on the National Curriculum and Assessment, facilitated by the NatSIP and hosted by Mary Hare School, Newbury and New College Worcester.

The study days will highlight the changes to curriculum subjects and assessment. Subject specific workshops will discuss the implications for those with sensory impairments. The workshops will also develop guidance on access strategies to be used by professionals with the students they support. This guidance will be made available on the NatSIP website as a free download. The information will help secure better outcomes for children and young people with sensory impairment.

The proposed workshop subjects are:

- Mathematics
- English
- Computing (VI)
- Science
- The Primary Curriculum

We encourage staff working in support services to come and contribute to this essential piece of work. You will have the opportunity to gain a thorough understanding of the currently changing situation in the delivery of the curriculum and also produce vital information to share with colleagues nationally.

Cost:

The cost of each day is £35/delegate, reduced to £15/delegate for NatSIP-affiliated organisations. Lunch is included.

An Agenda and Booking Form are available on the NatSIP website: www.natsip.org.uk
