

Save the date!

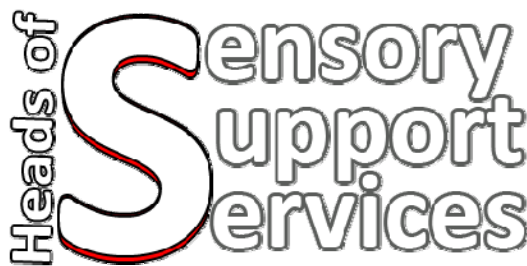

Why you should attend:

- You will gain up-to-the-minute insights about implementation of the SEND reforms in the Code of Practice, with an opportunity to question the speakers
- Presentations are short and succinct, providing a 'value for money' event covering a wide range of current issues of national relevance and interest in the sensory areas
- This annual event provides a unique opportunity to network with colleagues who are sensory service and school leaders

Is this event for you?

- The day is designed to meet the needs of senior managers in schools and services in the fields of HI, MSI and VI as they address the challenges of implementing the legislation
- The event is also open to other professionals and organisations with a specific interest in these issues

Further information about how to book and early bird offers will be circulated in due course.
