

NatSIP Post 16 workshop: Preparing for Adulthood

Monday 12 May 2014 10:00 - 15:00

Seashell Trust, Stanley Road, Cheadle Hume, SK8 6RQ

This event is for managers, members of support services, schools and colleges, agencies and organisations working together to secure better outcomes for young people with Sensory Impairment in transition into post-16 settings and aged 16-25.

We encourage colleagues from health and social care to join us as we explore post 16 developments around the legislation supporting the Children and Families Act 2014.

The focus of the day will be upon meeting the challenges of the SEND legislation in respect of the post-16 education, training and employment.

In particular, it will be an opportunity for delegates to input into the development of best practice guidance in a range of areas.

Ralph Hartley from NDCS, with Jude Thompson from RLSB, will lead the day looking at implications of the Act post 16 provision and outcomes for young people with sensory impairment and for the services and professionals supporting them.

Delegates will have the opportunity to comment on and contribute to best practice guidance documents focusing on:

- Supporting effective decision making (careers advice and independence);
- Transition processes;
- Provision in Further Education settings;
- Effective support into and in the workplace.

This event is free but places must be booked

A booking form can be found on the NatSIP website www.natsip.org.uk

Owing to limited capacity it is advised that you book onto this event as quickly as possible to ensure you have the best chance of securing a place.

If you are unable to attend the event but would like to engage with the work NatSIP are undertaking in this area, please contact workstream 7 co-lead Ralph Hartley: ralph.hartley@ndcs.org.uk
