

National Working Day

10:00 - 16:00, Wednesday 7 November 2012

Friends House, 173-177 Euston Road London NW1 2BJ

This event is for managers, members of support services, special schools, agencies and organisations working together to secure better outcomes for children and young people with sensory impairment.

We encourage colleagues from health and social care to join us as we explore the implications of the draft legislation in the Children and Families Bill.

Keynote speakers for the day:

- **Christine Lenehan**, Director of the Council for Disabled Children and Co-Chair of the Children and Young People's Health Outcome Forum will be talking about the Forum and will also bring us up to date on the progress of the SEND Pathfinders.
- **Phil Snell** from the SEND Department of the DfE will update us on the draft legislation and the process for the next stage of the Children and Families Bill.

In the afternoon, we will continue to work on the NatSIP workstreams, informing you about outcomes of NatSIP work and introducing two new working groups linked to the proposals from the Green Paper. These are on the Assessment Process leading to a Single Plan and a National Offer for children and young people with SI and their families.

The working groups for the day will be:
