

## **MSI Regional Centre of Expertise 5-Day Training Course - starting in April 2024 Hulme, Manchester M15**

**Jointly delivered by NatSIP, the Manchester Sensory Support Service and Seashell Trust, this 5-day training course, offered over nine weeks, provides a practical approach to supporting access to learning for children and young people with deafblindness or multi-sensory impairment.**

The course is for hands-on practitioners who work on a regular basis with learners who are deafblind or multi-sensory impaired

The aim of the course is to provide the participants with an opportunity to explore the needs of the individual children and young people, reflecting on, sharing and developing their practice. A local or course mentor will work participants to develop an outcomes-focused case study
