

National Sensory Impairment Partnership

NATSIP WEBSITE – REGISTRATION HOWTO

Date: June 2025

1. INTRODUCTION

The NatSIP Website, <https://www.natsip.org.uk> offers access to a wealth of resources. Some of these are behind a 'login wall', i.e. you need to be registered on the site and logged in before you can access them.

2. WHO CAN REGISTER?

Registration on the site is free and open to anyone. All you need is a valid, working email address that you can access, and a web browser.

3. HOW DO I REGISTER?

a) Go to the NatSIP Web Site at <https://www.natsip.org.uk>

b) On the home page, on the right, you'll see a login box, with a 'Register...' link:

Click on the 'Register...' link.

c) You'll see a registration form:

Account Registration

★ Required field | 👁 Field visible on your profile | 👁 Field **not** visible on profile | ⓘ Information: Point mouse to icon

All the fields are required.

Complete the form, with your own name and e-mail address.

Be careful to get the e-mail address right, as our robot will use it for confirmation.

d) Here's an example completed form:

Account Registration

First Name: Steve

Last Name: J

Email: steve@...

Username: Steve.J

✓ The username "Steve.J" is available.

Password:

Verify Password:

Job Title: Web Techie

Organisation Name: NatSIP

Security Code: curma

Enter Security Code: curma

Register for your own account...

★ Required field | 👁 Field visible on your profile | 👁 Field not visible on profile | ⓘ Information: Point mouse to icon

Note that you can choose your own username, provided it isn't used already. The system checks if your choice is free.

e) Finally, click on the Register button at the bottom of the form

After a few seconds, you should see a message:

Registration Complete

An email with further instructions on how to complete your registration has been sent to the email address you provided.
Please check your email (including your spambox) to complete your registration.
To have the email sent again, simply try logging in with the username and password from your registration.

f) Now check your e-mail. You should find an e-mail message from registration@natsip.org.uk that looks something like this:

You **must** click on the link in the e-mail to confirm your registration.
[This is Outlook – your mail software may look different]

g) When you click on the link, you should see a message:

Click on the home button (top R) to make the page refresh.

h) Now you can login:

Fill in your username and password, tick the 'remember me' box and click the login button.
You can use your registered e-mail address instead of your username if you wish.

Note: What does 'Remember Me' do?

It sets a cookie on your machine saying that you are logged on. If you come back to the site later, the cookie will be recognised and you won't be asked to log in again.

The cookie **does not** contain your username or password, or any other identifiable details, so it's OK to use, even on shared or work computers.

We recommend that you use 'remember me' to reduce the number of times you need to enter your login credentials to the site.

i) The first time you log in, you will see your user profile.
